Sir,

I have the honor to invite the attention of His Highness's Government to the necessity for at once opening the Sanitary School. We want 196 more Sanitary --- Inspectors and several District Sanitary Officers.

Now that Dr. Srinivasa Rao has returned well acquainted with the most modern methods of teaching Sanitary ~~lessons~~ lectures, ~~and~~ with the Sanitary Engineer, the -- Health Officer, Bangalore City and the Deputy Sanitary Commissioner available, we can at once start the school but of course on a small scale, for want of accommodation. Perhaps 30 at a time might be taken on.

The short course of two months for young revenue officers might also be started. The proposal to train shekdars is not feasible till further accommodation is provided. If the school is opened in a proper way, I shall approach the University of Madras to affiliate it so that our men may proceed to Madras for the Examination in L.S.Sc.

Of course Dr. Srinivasa Rao would have at once to
